### POLITICAL GOSSIP.

The following is self-explanatory:

"When I went into the Republican primaries seeking the nomination for county commissioner, I did so with the full intention of adding by the result thereof. Like every man who has a due regard for the equity of our primary election, I accepted that result, and am just as loyal today in my allegiance to Republican principles and the Republican party and its candidates as any one can be. I desire my friends, the thousands of them who supported my candidacy in the primaries, to know this, assuring them that my wish is for the success of every man whom the Republicans have nominated."

"This statement ought to be unnecessary to those who know me best, but it is rendered necessary by reports of false reports now going the rounds that I am secretly opposing the ticket, or some of those who compose it. I am for the ticket. Respectfully,

"Gwilym Jones."

I lost flesh and strength was not able to do a good day's work. I commenced taking Dr. Pierce's Golden Medical Discovery, and when I had taken one bottle I could sleep and my appetite was wonderfully improved. I have taken five bottles and am still improving."
